

Report of CKN participation at Juneteenth Celebration

Prepared by Vic Legerton on October 13, 2024

Following up on a lead from Bob Rudman, contact was made with the African American Heritage Society of Williamson County regarding their annual Juneteenth event at the McLemore House Museum on 11th Avenue in Franklin.

We did participate and were in an area on the lawn across the street from the house as the house was open for museum tours only. We were among at least 15 organizations represented and we had the Moozie materials for display and also accommodated many young children who designed greeting cards for seniors or veterans. Trish, Bob and I represented Children's Kindness Network and Moozie showed up to the delight of dozens of children (and parents) for photo opportunities, high fives and hugs.

There was no cost to participate, and we highly recommend that we participate in this event in future years. For future participation, we need to bring our canopy and tablecloth and arrange to have our own tables and chairs.
